## 1. Product content / compliance

- 20% Mix of vegetal oils
- 1 x 10<sup>8</sup> cfu / ml Bacillus Thuringiensis

## 2. Physical/chemical properties

**BUSTER** comes in liquid form, has a dark yellow color, with a specific smell.

## 3. Action mode / Description

**BUSTER** is a biodynamic product, obtained by a process of rapid cold fermentation of organic matter and its mixing with NON-GMO organic and mineral substances that complies with the requirements of Regulation 889/2008, Annexes I and II.

**BUSTER** is an extremely strong organic insecticide which fights against a wide spectrum of pests. **BUSTER** has maximum efficiency against broad-nosed weevil (*Tanymecus Dilaticollis*). **BUSTER** also combats Lepidoptera insects, Wireworm, Turnip Moth (*Agrotis Segetum*), Aphidae (*Aphis Sambuci*, *Aphis Pomi*, *Dysaphis Plataginea*) *Tanymecus* (applied in preventive manner together with **FREYASEED**), Greenhouse Whitefly (*Trialeurodes Vaporariorum*), *Episyrphus Balteatus* (Diptera insect), Thrips, Saddle Gall Midge (*Haplodiplosis Marginata*), Shield Bugs (*Eurygaster spp*)

## 4. Recommended dosage

From practical experience and / or available documentation, we recommend the following application dosage:

### ALL TYPES OF CROPS

1L / ha, in 200-400 liters of water
