Important events to be reported: Signing of a distribution partnership with Kaufland Romania

The management of Norofert SA, (hereinafter referred to as the "Company") informs the market about the signing of a distribution contract with Kaufland Romania. Kaufland is one of the largest retail companies in Europe, with 1,500 stores in 8 countries and a network of 168 stores in Romania.

The contract entails the national distribution, initially in 40 locations, of the hobby gardening lines produced by the Company - Norofert FITO and Norofert Ready to Use. Both line are 100% organic and include fertilizers and phytosanitary products dedicated to small farmers and lovers of indoor plants and gardening in Romania.

The Norofert FITO line counts 10 products and includes biostimulators with a fungicidal and insecticidal role, calcium for plant health, fertilizers based on phosphorus or nitrogen. The products are recommended throughout the vegetation cycle of the plants, to ensure their complete health, and are effective, both in the case of green plants, and in the case of plants with flowers, fruits or vegetables.

The Norofert Ready to Use line contains 6 products and includes biostimulators and fertilizers that contribute to the healthy development of plants. The line comes in 500 ml bottles that facilitate direct spraying on the plant, without the need for additional dilution for application.

The 40 Kaufland locations initially chosen for the distribution of Norofert products are located in cities such as Bucharest, Cluj, Craiova, Iasi, Timisoara, Botosani, Sibiu, Miercurea Ciuc. Thus, through this partnership, the Company expands its distribution area in national hypermarket networks of products from FITO and Ready to Use lines under its own brand.
